Islamic Secondary Programs

The mission of the school is to provide youngsters an educational environment in which the aggregate total of all activities, academic, social, and spiritual contribute to the Divinely-guided intellectual development of students as they internalize the oneness of The Almighty's creation and their subservient role therein.

We are preparing the way for an Islamic Center of Learning in America, one student at a time.

Middle Years Program

Students from 6th through 8th grades are involved in an active learning environment that

maximizes tactile experiences to achieve academic excellence. Integrated spirituality gives focus to our youngsters from an early age.

High School Program

A strong academic curriculum taught from an Islamic paradigm gives our 9th-12th grade stu-

dents a critical edge. The courses include:

Arabic	Health	Phys. Ed
Chemistry	Earth Science	Physics
Algebra	Geometry	Calculus
History	Civics/Econ	Biology
Social	Islamic	Communications
Science	Studies	Arts
Physical	Physics	Life Science
